## TECHNOLOGIES AND LANGUAGES:

---

- **Languages:** PHP, JavaScript, HTML, CSS
- **Frontend:** React.js, jQuery, Bootstrap
- **Backend:** Laravel, Nodejs
- **Database:** MySQL
- **CMS:** WordPress
- **E-commerce Platforms:** Shopify, Opencart
- **Other:** SEO optimization, performance auditing, analytics integration, git version control

## EXPERIENCE

---

### Web developer | Agaetis Technologies:

Sep 2023 – Present

- **Cloud-Based Solution with Real-Time Data:** Developed an Engagement Tracker that reports and analyzes all portfolio engagements to enhance collaboration. Utilized React for interactive interfaces, Laravel for backend functionalities, and WebSockets for real-time updates and visualizations, significantly improving collaboration and transparency.
- **WordPress and Shopify Customization:** Integrated plugins and themes for smooth operation, tailored to client needs.
- **Client Collaboration:** Worked closely with clients to meet frontend design requirements and optimize performance for better user experience and SEO.
- **Performance and Analytics:** Conducted audits and integrated analytics tools for informed decision-making.

### Junior web developer | Agaetis Technologies:

Sep 2021 – Sep 2023

- **Inventory Management System:** Designed and implemented a comprehensive system using React and Laravel, featuring a detailed dashboard for order analysis, inventory tracking, warehouse supervision, and financial processes.
- **E-commerce Development:** Developed the House of Worktops site with PHP and Opencart, integrating robust backend features like product catalogs, dynamic homepages, and a customizable worktop builder.
- **WordPress Customization:** Worked on various WordPress projects, tailoring solutions to meet specific client needs and enhancing functionality.

## EDUCATION

---

### MUMBAI UNIVERSITY

Bachelor of Engineering in Information technology, 2021

CGPA: 8.41

## ***CERTIFICATES***

---

Web Development course from Suven Consultancy, Web Development, Internshala Training, Responsive website basics: Code with HTML, CSS and JavaScript through Coursera, Node JS API Development, Udemy

## ***PROJECTS***

---
